

Little Woodhouse Neighbourhood Plan

Little Woodhouse has three Conservation Areas, but some parts of our area, which have attractive heritage buildings in them, are not included.

The terraces along Kelso Road, the upper part of Woodsley Road, Belle Vue Road, Victoria Terrace and Consort Terrace all display similar qualities to other terraces in the Conservation Areas, such as St John's Grove, St John's Terrace and Springfield Mount.

The Neighbourhood Plan is proposing to include these areas, together with the Conservation Areas, in a designated **Heritage Area** where any development will need to respect the historic qualities within them.

These terraces are in a Conservation Area

These terraces are not in a Conservation Area but will be in the Heritage Area
